

## TEP CalPhos Plus

### GENERAL INFORMATION:

TEP CalPhos Plus is a three-way mixture of Leonardite, rock phosphate and calcium silicate and provides a unique dry blend for the soil. Humic acids may improve micronutrient uptake in plants whereas calcium and phosphate will help improve plant growth. Soluble silicon may help strengthen plant cell walls and help promote upright plant structure.

### USE DIRECTIONS:

TEP CalPhos Plus can be applied to all crops including trees and vines, vegetables, row and field crops.

Apply 100 to 500 lbs per acre for most crops.

For application rates suitable to your geographical area and soil type, please contact TEP, Inc. at (559) 871-4565.

### Guaranteed by:
