

# TEP CalNite

### GENERAL INFORMATION:

TEP CalNite is a 50/50 blend of Leonardite and a granulated calcium product. TEP CalNite offers plants a constant source of high quality humic acids and calcium. Humic acids may improve micronutrient uptake in plants whereas calcium and other nutrients will help improve plant growth.

### USE DIRECTIONS:

TEP CalNite can be applied to all crops including trees and vines, vegetables, row and field crops.

Apply 100 to 500 lbs per acre for most crops.

For application rates suitable to your geographical area and soil type, please contact TEP, Inc. at (559) 871-4565.

Guaranteed by:
